Mac - Apple

Mar 11, 2022 · The trick is results in French are extremely bad quality, tech articles are dumbed down, tutorials in French lose nuance, and, well, good luck finding Hacker News in French. It was a revolution for me when I gained access to the English web, it's the origin of the documents! I want results in English because the quality is higher in English!

Why does Google use location for language rather than
